## Register Now For November Election

October 8th is the deadline for registration for the general election to be held November 8th. All new residents of the State of Florida who have resided in the State for one year, and who have lived the last 6 months of that time in Palm Beach County, are eligible to register.

All registered voters who have changed their address are required, by law, to notify the registration office.

"Glades residents can register at the Glades Office Building any week day through October 8th, between the hours of 8:30 A. M. and 5 P. M.," said Horace E. Beasley, Supervisor of Registration.

## Who Cares?

The lack of activity by the citizens of Belle Glade to register since being informed of the large number of voters who have been removed from the registration list is regrettable.

As of Wednesday only some 25 citizens had bothered to come by the city hall and register. There is no doubt that there are many, many residents who would qualify to be a voter if they would just take a few minutes to stop by the city hall and sign the necessary forms.

The city commission will shortly adopt a budget of over one million dollars. Men who will authorize the expenditure of these funds will be elected on September 11th. The taxes you pay will be determined by the millage they set.

A bond issue is being adopted to pay for water improvements, a new library will be built, adequate pay raises in order to retain and maintain a top police department, as well as many other necessary problems of municipal government.

This is your government. Who do you want to run it? Last day to register Sept. 8.

## Richmond Files For Commission

The qualifying deadline Wednesday passed with the following candidates throwing themselves to the mercy of the voters in the city election of Sept. 13.

Bennie Richmond, owner and operator of Richmond Plumbing Company located at 324 SE 1st Street, became a last minute candidate to oppose the incumbent commissioner, Connie Bowen from the Central-boro ward.

Richmond, whose father was a city commissioner, is a long time resident of the city. He resides with his family at 316 SE Ave. H.

A former student of the University of Florida, Richmond has operated the plumbing business since the death of his father. He has been active for many years in local civic affairs.

With the qualifying deadline the line up finds three candidates in the Northboro ward, Bunn McCall, Donald Winterford and G. L. Donald. The winner will take the seat being vacated by Le-Bron Williams who chose not to run for reelection.

In Centralboro Connie Bowen, the incumbent commissioner, now faces Bennie Richmond.

With the city election set for Sept. 13 less than three weeks remain for the campaign.

The pools will be available for rental for special parties.

Pool hours on Saturdays are from 9 to 12 and 1 to 5; Sundays, 1 to 5 p. m.

Swimming classes will be organized if interest is sufficient, Snyder said.

## Swimming Pools On Weekend Operation

Belle Glade Municipal Pool and Lake Shore Pool go into weekend operation beginning this Saturday, with full-time operation closing Friday night.

Ronald C. Snyder, Building and Grounds Superintendent, said that two instructors will be available Saturdays and Sundays, Don Wilkinson and Laurin Scales.

The pools will be available for rental for special parties.

## Commission Meeting Varied Business

The City Commission meeting Monday night was an unusually short one.

Madeline Corbin Buried Sunday

Mrs. Madeline Helms Corbin, 53, a resident of the area for 31 years passed away last Friday at Glades General Hospital after an extended illness.

Mrs. Corbin and her husband, Solie, had operated a business on Perry Island, just across the bridge for many years. She was a native of Midland City, Alabama and came here in 1935. She was a member of the Community Methodist Church, Belle Glade, Order of Eastern Star Chapter and Belle Rebekah Lodge.

In addition to her husband, Solie, she is survived by three sons, Charles Lynn, Paul Gordon and Solie Wayne; one daughter, Cherylene, of Lake Worth; her parents, Mr. and Mrs. Sylvester and Mrs. Janet Cecile and Francis Helms all of Colquitt, Ga., and one sister, Janet Rector, Gainesville, Ga.

Funeral services were conducted at Community Methodist Church on Sunday at 3 p. m. with Rev. W. R. Boland officiating. Entombment was at Everglades Mausoleum Gardens.

Members of O. E. S. and the Rebekah attended the service and the O. E. S. was in charge of the service at the Mausoleum.

Pallbearers were Al Vadasz, Tommy Parker, Calvin Lockwood, Bill Graber, Nelson Morris and Floyd Wick.

From this fund about \$3,000 has been spent while donations to date total over three times that amount.

## Belle Glade To Hendry Co. Line

School starts Monday! Registration for all elementary school children will be Thursday, August 25 from 8:30 until noon. Children will go to their schools to meet their teachers and pick up supply list so as to be ready for the first day of school Monday. The elementary schools advise not arriving later than 11:30 as registration is scheduled to end at noon.

A health examination by both physician and dentist is required for students entering the seventh and eighth grades each year. Students should have received forms for these examinations during the last school year. All questions about this health examination should be directed to the students' school.

First graders have one other requirement to fulfill. That is inoculations.

The expected enrollment for all first graders.

The County Health Department also urges immunization against measles. In addition, it is urged that diphtheria pertussis tetanus be given instead of the diphtheria and tetanus shots required.

The pertussis immunization is against whooping cough. said Superintendent Robert W. Fulton.

The expected enrollment for the elementary schools are as follows:

Belle Glade, 650, Carl G. Crawford, Prin.

Glade View, 600, Walter Stephens, Prin.

Grove, 500, Mrs. Mabel Luttrell, Prin.

## High School Registration Schedule

The registration procedure for students who will attend Belle Glade Senior High School for the 1966-67 school year will be as follows:

Those students who will be entering Belle Glade Senior High for the first time and who have not already reported to the school and chosen a schedule, should report to the school, cafeteria, 500, Mrs. Mabel Luttrell, Prin.

Registration on August 25 at 8:00. Luttrell, Prin.

## Glades' Largest Moving Job

Perched atop 128 wheels the boiler began its nine mile trek Wednesday morning.

One hundred and sixty tons of brick, and iron 25 feet wide, 43 feet long and over 40 feet high, the boiler was moved from the old South Florida Sugar mill to the Tallman Sugar Mill.

Five miles of unpaved farm road and four miles of US 27 highway traffic stood between the boiler and its destination.

On the farm road 3 inch planks were laid to give the boiler a smoother surface. Before the plank is laid the road was swept, all five miles of it, to remove all rocks.

This moving job, by Capital Rigging Co. is the largest ever done in the Glades.

The crew has been working for four weeks getting

the boiler ready to move. Using 100 ton jacks, the boiler was lowered onto the wheel mechanism. With luck, and depending on how well the parts fit back together, it will take about two weeks to set the boiler into place again, said George Moran, job foreman.

The fire boxes, four of them, had been detached from the boiler and were moved separately.

The insides of the boiler were shored up so that the brick insides would not loosen in transit.

To dismantled and reassembled the boiler would have taken a crew of carpenters, boiler makers, steam fitters and masonry workers many months.

The roadway is 24 feet wide and the boiler is 25 feet wide. The boiler would be the shoulder or be detained the couple of hours it took the boiler to move the four miles of highway 27.

## Herald's Veteran Foreman Suffers Fatal Heart Attack

Death claimed another member of "The Herald family" when Clarence J. Aspey, 80, original plant supervisor, died of a heart attack Tuesday.

The beloved veteran printer remained in a coma at Glades General Hospital for over five hours and succumbed at 3:05, August 23.

His death followed closely the death of his close friend and "boss" Herald publisher Luther Jones, who was stricken by a fatal heart attack Tuesday.

Aspey had complained on recent visits to The Herald of sleepless nights and increasingly frequent dependency on oxygen.

Yet, those who knew him well, found it difficult to believe his life will live had not extended life to celebrate his 81st birthday on October 22, and his sixtieth wedding anniversary in June.

Stricken with a first heart attack in 1952, and subsequent attacks, Aspey had tried to "live by the rules" for the past eight years, while still associated

with The Herald as Superintendent for the publishers. He was stricken with a fatal heart attack Tuesday.

## Popular, Revenue-Producing Marina Started As "An Idea"

The Marina development is not a six month wonder that started supplying the city with revenue.

The Marina started as an idea. This idea is now a reality that has received much praise. The people who stay there call it one of the best managed places they have seen. It is clean, they say, and a joy to visit.

These visitors camp, fish and relax. Revenue from campers totaled over \$6,000 for the first six months of this year.

It started when the City of Belle Glade bought land south of Slims Fish Camp from the state. Then a Chamber of Commerce (C. C.) Port Committee was formed and has been active for many years in developing the facilities now available to campers and residents.

The C. C. Port Committee, through the years, has received help from numerous individuals and agricultural interests in the Belle Glade area.

Not as an evasion, but because the list of donations is so great, Port Committee members asked that names not be used.

Individual donations of the thousands of dollars. Time spent by individuals, run into thousands of dollars.

Few tax dollars have been spent in connection with the financial support which individuals and agricultural interests have donated to the Marina project.

## God Bless This Auto

Father, as I take my place behind the wheel, I dedicate this car to Thee, Place Thy hand upon the steering wheel with mind and prayer, with me above, with busy streets, and protect this car and all who may be in it, from danger and from accident. Make me feel that this car I drive Thou gavest me to enjoy. May its purpose be, not to hurt, but to serve Thy children.

## "BELONGING"

We are all concerned with "belonging." We want to feel that we are really a part of the neighborhood and the community in which we live.

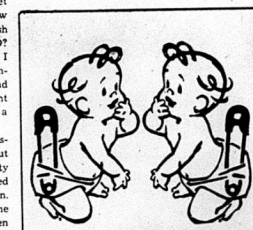

No matter how small or how unimportant our participation in the social, business and civic activities that surround us, we are unhappy unless we share that common attitude of being "at home" in the place where we live.

At the same time, many of us miss out on the real opportunity to share the many benefits that await — not just each Sunday — but every day in God's House, whether it be the church on the corner or the church by the side of the road.

In the full-time practice of Christianity, there is room for all. There is unity in Christian love; there is brotherhood in the achievement of God's work. There is, in the recognition of the business of God in every facet of our daily lives, a real sense of "belonging," a real purpose in life.

And, every man is welcome.

Yours truly,  
Uncle Dan

## A Family Problem

Comparing a family budget to federal spending policies sheds much light on current economic conditions in the United States. A family that is living beyond its income and in debt up to its eyes should seek ways to cut its spending to the bone. The head of the family should work to encourage economy by incentive measures; the mother should contribute by trimming the family budget; luxury purchases should be frowned upon.

Government is simply a collective family. There is one great difference. Government has the power to take money from its citizens by taxation and inflation-producing deficit spending. In this manner, it can survive living beyond its means for long periods. But, the ultimate end for a family or a government, if thrift is not encouraged, is trouble.

It is time to apply the brakes to free-wheeling spending by government. It is also time for the individual family to curb its demands for gifts and toys from government.

## Judges Are Human

In the rewriting of the Florida Constitution many lawyers and judges are pressing to have the Missouri system of electing judges incorporated in the revision.

Under this system, judges would be nominated by commissions and appointed by the governor. The people would have no voice in the selection of the judges but could vote them out of office. Every six years a judge would declare his intention to run again and his name would appear on the ballot in the following manner: "Shall Justice or Judge [Name] be retained in office?"

Now this strikes us as bad. Another office is being removed from the people having a right to elect. This is a trend that has set in during recent years and our citizens must become aware that shortly you will find only a few elective offices still on the ballot.

The argument that judges should not have to engage in partisan politics is rather thin. Admittedly, there are some problems facing judges who have to enter partisan politics every few years, but the fact that they do, makes them more conscious of the public and the people they serve.

We should never deny the right of a qualified candidate to run for office, or the right of the people to promote a qualified candidate should they offer themselves for public office. There are and always will be problems electing the best persons to office under a partisan political election, however, we are confident that the public will in time remove the incompetent and in the great majority of elections select the best man or woman.

## Corporation Chartered

TALLAHASSEE — Secretary of State Tom Adams today announced the chartering of the following corporations:

## For A Neater Belle Glade

Empty tid-bit bags, paper cups and even soft drink bottles are a common sight along many of our residential and main streets and will likely be more so, now that school is starting.

Children should not be criticized for being little litter bugs, perhaps. Away from parental supervision it's unlikely they will remember to carry trash several blocks to a trash can. Mothers, who must constantly remind Junior to pick up and hang up his clothes, would

agree.

Concern for developing community pride and neat contributing habits must, though, be taught in the home. Reminding our children that this is OUR city... that we do care how it looks and the impression it leaves on visitors... does help... but must be backed up by example as well.

Perhaps such a project could be promoted by one of our civic organizations with beneficial results.

Let's hear YOUR suggestions.

## Not Politics...But Vital!

No, this is not 1927 as one might conclude from the 1,927 registered voters.

What a pathetic record for this thriving, progressive and dynamic little city of some 16,000 souls! Slightly more than 12% of our population are interested enough in community government to make advance preparation to vote! We dislike thinking about the percentage of these who are registered and who may just forget to vote!

The average household in Belle Glade consists of between 3.31 and 2.85 people, so let's just say 3 people in each household, and project that two of them are old enough to vote. That means 10,666 people of voting age, of whom less than 20% are now qualified voters.

Last week The Belle Glade Herald thought it urgent enough to give special front page coverage to this fact,

but as of this writing no big rush to the registrar's office has been reported.

Plans are underway for civic organizations to again join hands in combing the area by foot and my phone, urging people to register before the September 2, deadline. These people are not working for specific candidates. Their efforts are strictly to awaken YOU to the importance of protecting and using YOUR RIGHT TO VOTE!

Never was it more vital to the welfare of our democracy that people let their desires and preferences be known.

A strong nation has its beginning in strong grass roots government... in YOUR OWN COMMUNITY.

If you are not registered, then do so today... and be among those at the polls on September 13.

## Destruction Aided By Sensational News

"TOO LATE TO CLASSIFY"  
By Russell Kay

I received a letter the other day from a reader who complains that columnists, reporters, editors, newscasters and just about everybody who is responsible for what we call NEWS today has lost all sense of values.

He contends that unless somebody is killed or injured, or commits a crime, starts a riot or goes berserk the average reporter or newscaster can't find anything to write or talk about.

He points out that day after day, week after week, month after month and year after year, headlines deal with violence, criminal activity or sudden death. It is the same routine, — so many people were killed in automobile accidents, so many were drowned, so many were murdered or mugged.

Death and destruction together with criminal activities consistently enjoy the headlines and front page position.

He asks why readers must be bombarded with this type of material and what good it does? On the other hand he wonders if reading such reports others are not influenced to go and do likewise?

He states that he would like to live long enough to pick up his newspaper and not find a single account of a murder, rape, robbery, auto accident, or violence, and be able to turn on his radio or television without having some announcer or newscaster scream such material over and over, every hour, on the hour.

He contends that there is much more good in the world than bad, and that people be they black, white, red or yellow are constantly doing something to advance the welfare of their fellow man.

At least 90 per cent of the people who inhabit the earth are kind, considerate, decent, friendly folk. They have no quarrel with anybody; they want peace and understanding but they are constantly reminded that they are out of step with the world in which they live.

Unless they kill or injure someone, commit a crime, or go stark, staring mad they are queer and wasting their time and talents. They will never get their names in the paper, attract a news photographer or be mentioned on radio and television unless they do something truly newsworthy. How can they expect to get anywhere today unless they grab a gun and shoot a few people, jump off a bridge, start a fire, lead a riot, crash their car into a telephone pole or go berserk on I-580?

I never thought much about it, but you know, I think the guy has a point. Maybe if we stopped screaming and yelling all over the place about death, crime and destruction, and started looking for something pleasant and worthwhile to talk about the world would be a whole lot better off.

I don't know whether the Creator reads our newspapers or listens to our radio and television or not, but if he he does it seems to me he must be getting pretty much fed up and it wouldn't surprise me if he washed his hands of us and let us go on hell bent to destruction. We don't really amount to much when we consider the billions of galaxies in the universe. We wouldn't even be missed as a small planet, and a reporter on Jupiter could report the sighting of another shooting star.

## Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I was reading this piece in the papers where the U. S. Department of Labor has come out with a new book called "The Dictionary of Occupational Titles." This piece said the book listed more than 36,000 kinds of jobs for earning a living to day in the United States.

The piece went on to say the Labor Department had found about 6,000 jobs that was brand new on account of the new kind of things they was making and selling these—days. But they found about 7,000 kinds of jobs that wasn't being done no more.

I reported these items to the fellers at the country store Saturday night and Ed Doolittle was of the opinion they probable left out one way people was working to get a living. He said he had saw a piece where they made a survey some place in California that showed folks on relief in some cases spend about 40 hours a week gitting their benefits. They was working applying for benefits, standing in lines, talking to welfare work-

ers, filling out forms and going from one place to another for free services of different kinds. Ed said this piece said in a heap of cases these folks was working harder not working than they would be working.

Zeke Gault reported he was glad to get this information and if the worst come to the worst he aimed to write the Labor Department and buy one of them oases. It was a mystery to him, allowed Zeke, that we got 36,000 ways of earning a living in this country and his brother-in-law couldn't find a single one of them. He said this feller had been unemployed now for a year and was sleeping at his house... and eating his vittles about half the time.

Clem Webster figured them 7,000 kinds of jobs that has disappeared was probable due to automation. He was of the opinion that this number will jump to 27,000 by the time the Labor Department gets around to compiling the next dictionary. Clem told the fellers that from what he could hear, about the only things they wasn't running with

## Drawdy-Tankersley Vows Exchanged

Averill Photo

### MRS. DONALD L. TANKERSLEY

Miss Linda Drawdy and Donald Lee Tankersley exchanged wedding vows in a 3 o'clock ceremony Sunday afternoon at the First Baptist Church.

The Rev. C. H. Eiland performed the double ring ceremony before an altar decorated with arrangements of white gladioli and mums. Miss Sherry Burgess, organist presented a program of nuptial music.

The bride is the daughter of Mr. and Mrs. Howard Drawdy, 800 S. W. 16th St., Belle Glade. She graduated from Belle Glade High School in June of 1965 where she was a member of the Beta Club and D. C. T. Club.

The bridegroom, son of Mr. and Mrs. Bill Johnson, Ft. Myers, is a graduate of Pahokee High School in 1963 and is now a junior at Arkansas A & M College, College Heights, Arkansas.

Given in marriage by her father the bride wore a floor length gown, fashioned with a lace bodice, scalloped neckline accented with pearls and long wrist sleeves. The skirt was nylon net over taffeta. Her veil of illusion was attached to a headpiece studded with pearls. She carried a cascade bouquet of white roses and an orchid.

Cookie Drawdy was her sister's maid of honor. She wore a street length dress of peach organza with matching headpiece and shoes and a white orchid corsage.

Robert Kennedy of Pahokee was the groom's best man. Ushers were Jerry Peacock and Dickie Tankersley, brother of the groom, both from Pahokee.

Mrs. Drawdy wore a three piece turquoise and white linen suit with white accessories and a corsage of white rosebuds. Mrs. Johnson mother of the groom was attired in a two piece beige suit, lace blouse and her corsage was tansin roses.

Guests were greeted at a reception held in the church social hall. Diane Davis, Nora Wilson, Kandie Dunlap and Linda Huggins assisted. Betty Ann Johnson kept the bride's book. The bride's table held an arrangement of white mums and pink tea roses, centered with a single white taper. The three tiered white cake on swan pillars was decorated in peach and green.

Out of town guests were Mrs. C. E. Drawdy, grandmother of the bride from Oklawaha, Fla. and Mrs. Salter Wafford, Mr. and Mrs. Tommy Gaughan, Mrs. Dot Wafford, Mrs. L. C. Fortner, Mary Stirpack, George Evanco, Billy Murrieh, and Janice Collier, all from Oklawaha, Fla. and Mrs. Johnson, parents of the groom from Ft. Myers, Mrs. J. D. Peadar, Ft. Myers, Mr. and Mrs. Frank Gonzales of Tampa, grandparents of the bride.

Following a wedding trip the couple will make their home at Monticello, Arkansas.

## Engagement Retracted

Miss Petra Diane Ebangi of Sunnyvale, California whose engagement was announced in a recent issue of the Herald, wishes to announce that she and Mr. Loper have decided to forego any of the planned nuptial arrangements. They have both decided to return to their various and conflicting schedule of study and any marriage in the future is unlikely.

## Rehearsal Dinner

Mr. and Mrs. Paul M. Moreira of Brunswick, Georgia hosted a dinner Friday night after rehearsal of the Matthews-Moreira wedding held in the ball room of the Holiday Inn. Out of town guests as well as the members and dates of the wedding party attended.

The head table featured an arrangement of white and aqua carnations, the bride's chosen colors. Places were laid for 50 guests.

### Belle Glade Personal Notes

House guests of Mrs. Frances Dudson last week were her brother-in-law and sister, Mr. and Mrs. Jimmy James and son, Jimmy, Jr., of Atlanta, and also a niece, Mrs. Shirley Cross from North Dakota, who is visiting her mother in Miami stopped by.

Jose L. Larrondo plans to leave this weekend by train for New Jersey to start at Rutgers University, under a four year scholarship term. He graduated last June from St. Paul's High School in Concord, New Hampshire. His parents are Mr. and Mrs. Larrondo of Belle Glade.

Mrs. Geraldine Robinson and son Billy are entertaining her parents, Mr. and Mrs. J. H. Billings from Birmingham, Alabama. They are fishing some while she is on vacation this destination unknown. Mrs. Robinson is supervisor of McDonald City Park.

Mr. and Mrs. W. D. Matthews returned to Pocomoke City, Maryland on Sunday for a vacation before returning to Belle Glade in September for the winter.

The Church of God was the setting for the double ring ceremony uniting in marriage Miss Linda Faye Woodard and James Norris McKinney. Reverend Lawrence Stewart performed the 8 p. m. ceremony on August 7.

Mrs. Helen Youngblood, organist, played the traditional wedding music and Helen Sloan, soloist, sang "The Wedding Prayer" and "Because."

The bride's parents are Mr. and Mrs. Verne Woodard 232 S. W. Ave. B, Belle Glade, Mr. and Mrs. Braxton McKinney of Spruce Pine, N. C. are parents of the groom.

The bride given in marriage by her father wore a floor length gown of Chantilly lace and net. The bodice featured a scalloped neckline accented with pearls and sequins and pointed long sleeves. The bouffant skirt of tiers of net and lace was enhanced with organza roses. The train was chapel length. Her illusion veil fell from a matching rose headpiece and she carried a cascade of white carnations and fern.

The newlyweds after a wedding trip to Ft. Myers are making their home at Tillman's Trailer Park.

**"I Hid My Face"**

I hid My face from My dear child And darkness fell around; I left My wandering sheep awhile To founder on the ground.	I sent to him a Sery trial, And broke his heart of stone. Long months of hopelessness passed Despair possessed his soul;
--	---

I hid My peace, and trouble came,  
And tears fell from my eyes;  
I sought My comfort in the Lord,  
And He was with me;  
I saw My child with heart of pain,  
To see his way would last;  
I took My joy away from him,  
And fear possessed his soul;  
Distressed, depressed, his hope fell dim,  
He staggered under his great sin;  
I withdrew money, health and schemes,  
Took all his eyes could see;  
I shattered all his earthly dreams;  
To test his love for Me.

Then, one day, 'midst the black despair  
I showed My face once more;  
I came to him to banish care,  
And greater care restore.  
I gave him dancing — made him strong,  
I made him glad and free;  
I showed My face — gave him a song,  
And now he's praising Me.

Some glorious day in yonder Place,  
When testing days are o'er;

And so, as I close these remarks, this morning, let me address my words to our Heavenly Father and let me close with these thoughts — We gather around this Holy Name breakfast board for our Thanksgiving meal, in gratitude for what You have done for us; we are grateful for our love for You as Your love for us. For our love of family and friends. — We are bound together by our love for Thee and for one another. Thou art the God of Love. Thou art

life and men live through Thee. Help us to live as Thy children. You, W<sup>h</sup>ath said "Unless you become as little children you shall not enter the Kingdom of Heaven" and again You said, "He who denies Me before men I will deny before My Father Who is in Heaven." We do not deny You. We are here give love to You and to honor and praise Your Holy Name. We are here as little children of whom You spoke, looking to You as our Father, and as good fathers would do, please take the hands of Your children and lead us the gates of paradise, there to remain with You for all eternity. in Your He

## First Missionary Baptist Annual Homecoming

The Annual Homecoming of the First Missionary Baptist Church of Chosen will be held at the church on Sunday, August 28. Elder Fred Robbins, now retired, will be the guest speaker. Eld. Robbins is former pastor & organizer of the church and is well known in the area. This will mark the 15th year of the church.

The homecoming message will be brought following Sunday School at 11 a. m. After the church services the congregation will adjourn to the Belle Glade Civic Center for a covered dish (pot luck) luncheon, with the ladies of the church serving.

At 2:30 P. M. the group will return to the church for an "old fashion sing." Elder Jimmy Creel, pastor, extends a cordial invitation to everyone to join in the Annual Homecoming day services and activities.

Mrs. W. R. Evans, mother of Mrs. John Hooker, is in the Lewis Gale Hospital at Roanoke, Virginia. She was vacationing there with relatives and suffered several heart attacks. Mrs. Hooker and daughter, Robin have just returned recently from being with her mother.

*Glory is God's*

"He taketh the wise in their own craftiness."  
—Job 5:13

In his first epistle to the Corinthians, Paul the Apostle reminded that the Lord knew the vain thoughts of many who professed to be wise men of the world. Pride is a basic emotion. Every man has the right to be proud of a noteworthy achievement, in business, in education, in good works; yet pride and glory are not necessary companions. It is wrong, as Paul explained, to glory so much in our achievements that we magnify our importance. Earthly achievement is nothing if man is so taken with himself that he becomes short-sighted and does not recognize the great glory that is God's.

## Local Jehovah Witnesses To Attend Convention

Some 25 of Jehovah's Witnesses are attending a five-day "God's Sons of Liberty" District Convention scheduled to begin Wednesday, August 24 at the Miami Beach Convention Hall in Miami Beach, according to Jean C. Rainbow, president of the Belle Glade congregation.

Convention officials estimate an attendance of 12,000 for the event sponsored by the Watchtower Bible and Tract Society and the Miami area congregations of Jehovah's Witnesses.

"Regular meetings held at the Kingdom Hall at 1648 S. E. Ave. "G" Belle Glade, will be cancelled in these classes by contacting the church office 996-2895 between the hours of 9:00 A. M. and 2:00 P. M.

during the convention since the majority of the congregation is attending the convention," said Rainbow. Among the families attending the convention from Belle Glade will be J. N. Morris, G. W. Hair, Jr., and Jean C. Rainbow all of Belle Glade.

A mass baptism is scheduled for Friday in two large portable pools located behind the Convention Hall. Rainbow said that the principal convention speakers will be Nathan H. Knorr, President of the Watchtower Society and Grant Suiter, member of the Board of Directors.

"The convention highlight will be the public Bible lecture Sunday on the topic 'What Has God's Kingdom Been Doing Since 1914?' This will be delivered by Mr. Suiter," said Rainbow.

MRS. PAUL MOREIRA

## Married In Catholic Rites

At four o'clock Saturday afternoon Miss Marilyn Jean Matthews became the bride of Paul Peter Moreira in a double ring ceremony at St. Philip Benzi Catholic Church.

The Rt. Reverend Monsignor Jose Juaristi officiated. The Reverend Paul Thompson, vicar of St. John the Apostle Church performed the ancient rite of the tying of hands and gave the Episcopal blessing to the marriage in the parish hall before the reception.

The altar was graced with twin arrangements of white gladioli, tuberose and Pail mums. The family pews were marked with green rosette smilax. Mrs. Gordon Corbin, organist, played the traditional wedding music.

The bride is the daughter of Mr. and Mrs. Douglas Matthews of Belle Glade and Pocumote, Maryland. The bridegroom's parents are Mr. and Mrs. Paul M. Moreira of Brunswick, Georgia.

Given in marriage by her father, the bride wore a floor length gown of white silk organza over taffeta. The bodice featured a scoop neckline with an overlay of Alencon lace and pearls in Alencon lace. The A-line skirt with circular bands of lace was, fashioned with a chapel train attached to the shoulders. Her illusion veil fell from a lace pillbox adorned with seed pearls.

The bride's only jewelry was a pearl necklace, silver punch bows graced each end of the table, which was centered with a white cherub holding twin arrangements of tuberose, orchids and backed with smilax entwined with rope seed pearls.

the bride's bouquet. The hall was decorated with Fuji mums and miniature pampas and Arecia palms. Desmids bouquets formed a tree on the piano, which was played during the reception by Mrs. L. P. Parson.

Out-of-town guests included Mr. and Mrs. Bur-gay Staley, Mr. and Mrs. James Crandall, Mr. and Mrs. W. H. Sigman, Mr. Connie Miller, Mr. Jeanette Miller, Mr. and Mrs. Wright Knight, Mr. and Mrs. Alton Rushing, Judge and Mrs. Phil S. Ringel, Mrs. Manuel Ferreira, the groom's grandmother, and Mr. Lawrence Moreira, his grandfather all of Brunswick. Mrs. Mildred Strawn St. Simon, Mr. and Mrs. J. T. Lopes St. Augustine, Mr. and Mrs. Wade Noda, and children, Tallahassee, Mr. and Mrs. J. Fred Bridges, Mr. and Mrs. Thomas Bridges of Ft. Pierce, Mr. and Mrs. Jim Maynor of West Palm Beach, Miss Brenda Rivers, Tallahassee.

For her daughter's wedding Mrs. Matthews wore a pink ribbon knit dress and jacket with a white cattleya orchid corsage. Mrs. Moreira wore a blue silk shantung dress with blue accented and a white cattleya orchid corsage.

The reception followed the ceremony in the parish hall. Serving at the reception were Mrs. Jim Maynor, Mrs. Fred Bridges, Mrs. Mark Challancin, Mrs. Joe Mann, the Misses Vicki Challancin, Melissa Maynor and Martha Popp. The bride's table was overlaid with a floor-length cloth of white embroidered organza. Silver punch bowls graced each end of the table, which was centered with a white cherub holding twin arrangements of tuberose, orchids and backed with smilax entwined with rope seed pearls.

## City Congratulated On Marina

Tevis Tugely reported to the City Commission Monday that they were congratulated by the Secretary of State, Tom Adams.

The City has started paying a \$35,000 debt to the state and they were congratulated for their "spirit, initiative, and handling" of

the matter. The loan is for the development of the island south of the present camping facilities at the Belle Glade Marina.

Only \$3,000 has been spent from this fund to date, at least another \$9,000 has been contributed towards this project by mem-

bers of the community. The first payment was for over four hundred dollars and represents 10 percent of the revenue from the present camping facilities for the first three months of this year, said Frank Anderson city finance officer.

Hugely showed the commissioners the August issue of the Southern Waterways publication which featured on its cover an aerial photo of the marina. He also read to the commission a very complimentary article in the publication about the marina. In a description of their cover picture the magazine said, "The Port of Belle Glade" is the rim canal of the Okeechobee Waterway offers one of the finest protected anchorages to be found in Palm Beach County.

## South Bay Commission Seats Contested

All city commission seats to be voted on in the South Bay city election of September 6 will be contested as a result of the closing of the qualification deadline Monday.

In Group 1, Norman Austin opposes the incumbent Mayor Cosby Crews. Group 2 has three candidates, former commissioner and mayor, Franklin Kelley, Byron R. Walker, and Neal Hulen Mayo. This race may require a runoff as the leader must get a clear majority over the total of the other two in order to win in the first primary. Group 3 has the incumbent commissioner, Henry Elfers seeking another term opposed by J. S. (Jay) Smith.

## Buses Will Roll Monday Morning

Twenty full-time and six part-time drivers have been employed to drive the Glades area's 23 school buses. Mrs. Geraldine Weaver, director of transportation, reported and will begin operation Monday morning.

Inspection of the school buses was completed Tuesday by Florida Highway Patrolmen under supervision of Corporal Danny Jackman.

## South Bay Officials Request Engineering Study For City

An appeal for a \$5,000 engineering study for public improvements for the city of South Bay totalling \$1,107,123 was made Wednesday to officials of the U. S. Department of Housing & Urban Development in Atlanta.

Mayor Commissioner Cosby and City Clerk Herbert A. Craig will accompany engineers from Russell & Axon, Daytona Beach, to the hearing in the required funds for the engineering study. Should the project program receive official sanction, it will be necessary for the city commission to develop a schedule of planned improvement to city streets, storm drainage, modern sewer facilities, and other needed improvements for the health and welfare of the community.

## Nurses Will Meet To Form District Organization

An open meeting will be held for Registered Nurses in the Glades area to form a District organization of the Florida Nurses Association.

The district will incorporate the area north to Okeechobee and west to Clewiston.

Mrs. Jacqueline S. Carter, R. N. B. S. invites all nurses in the Glades area to attend the meeting. Mrs. Carter is Director of Nursing Services At Glades General Hospital.

The meeting will be held on August 31 at 7:30 in the Cafeteria of Glades General Hospital. State nurses officials will explain the benefits and functions of a district nursing association.

## Lions Honor C. J. Aspey

The Belle Glade Lions Club at their regular meeting Wednesday paid tribute to Lion Clarence Aspey, a long-time active and faithful member.

Lion Aspey whose death Tuesday shocked the club, became the first member who had donated his eyes to the Lions Eye Bank to pass away. The club voted to contribute funds to the eye bank as a memorial to his work in Lionism.

A most interesting program was presented by Mr. Bill Miller, general manager of the Sugar Growers Cooperative of Florida on the history and growth of the Sugar industry.

Mr. Miller commented on how the sugar industry is used as a political football and that over 300,000 workers in the United States were employed in some activity producing sugar.

Lion Mathis chairman of the election day committee of Sept. 13, Lion Paul Goldman presided in the absence of the president, Victor Guzman.

## Home Molester Arrested Here

The Glades Office of the Sheriff's Dept. arrested Joseph Held Wednesday and charged him with molestation. He was released on \$100 bond.

Held was arrested after returning to the Cecil Mayo home at 571 SW 16th St. at which time Mayo held him and called the Sheriff's Department.

Mrs. Mayo had reported that Held, earlier in the afternoon, had come to her home and asked if her husband was in, when he would be in, what kind of car he was driving and how late he usually went to bed.

When Held returned in the evening, Mrs. Mayo said, she went to the door and Held asked if her husband was in. She said he then started to leave at which time her husband detained Held and called the Sheriff's Department.

Held, it was reported, was driving a 1964, white Comet with a Dade County license.

Held, arresting officer, Don Barnes said, declined to answer question or give an explanation of his reported activities.

## Commissioners Review Budget

The Belle Glade City Commission held a budget session Wednesday evening on the 1966-67 proposed budget.

One item in the new budget is a recommended across-the-board raise for the

police department. Chief Goodlett has stressed the need in order to hold this department together. Experienced police departments today are vital to the orderly growth and progress of the community, Goodlett emphasized.

The commissioners are endeavoring to hold the millage at the same rate of the past year of 10.5 mills.

Other items to be considered and included in the budget are a three percent raise for civil service employees, a new library, a new bridge over the Hillsboro canal and improvements to the Belle Glade water system.

## Herald's Veteran

(Continued From Page 1)

"I inquired 'What do you call winter and what summer?' — 'Nine months' summer and three winter' was Luther's quick reply. 'I'll be darned' was the encounter.

This story, of the beginning of a long, close relationship, was told and retold over countless cups of coffee during the ensuing years that his loyalty and energies were expended for the business.

"One day I cornered Luther and told him — 'grab your hat, we're going round a curve.' I was primed to demand a raise — which I did — and the request was immediately granted.

His deep devotion to his wife, Grace, was heartwarming to all of his friends and associates throughout the years.

Mr. Aspey's visits, which had become less frequent in recent years, will be sorely missed by his Herald family. There were no children to round out a floppy home, but his junior associates of years would have been proud to call him "Dad." His early training prepared him well to "tough" with an iron hand but the warmth of his heart and the affection that over-ride occasional bluntness was a light that has gone at The Herald.

## Add Enjoyment To Your Life

Miss Mary Todd, Extension Home Economics Agent, says to enjoy life to the fullest, we need to appreciate art, music, reading and the beauties of nature. By knowing and appreciating these, we can see the world as beautiful, full of wonder and excitement. When these we find much that is inspiring and relaxing. We need to break the chains of our daily routine and renew our life through art, friends, hobbies, new viewpoints, travel and reading.

In studying art we learn

we can pursue it, discovering our own selves and our own talents. Museums

Who have created beauty? Whatever our vexations or concerns in life, through art our thoughts find their outlet, our innermost excitement and renewed excitement in living. You can't paint a picture of a range of flowers, a lovely salad or dessert, or select a pretty picture for your home. You can enjoy the glowing colors of the sunrise and sunset, the ebb and flow of the tide and the beautiful Florida flowers, trees and shrubs. You can't paint the emotion that is beautiful, interesting or especially significant. It can be a painting, skillful performance or skilled workmanship, making a garment or preparing an attractive meal.

Thomas Todd reminds us to know that open doors to knowledge, wisdom and inspiration that enlarge one's

are refreshed, our imaginations inspired, stretching

more, to perform, to achieve, to  
We find much that is at  
serving, interesting and savor  
satisfying in books.  
I think through books we can  
start today where the great  
thinkers of yesterday left  
off. Books have immortalized  
our man's knowledge. Thin  
ners, dead a thousand years  
are as alive in their books  
today as when they walked  
the earth.

## County Commissioners

### Corner

E. W. "BUD" WEAVER

County Commissioner District No. 5

During the past ten months, the Governmental Study Commission, created by a Legislative Act in 1965, has functioned in Palm Beach County for the expressed purpose of probing into the complexities, the needs and the modifications that should be made in County Government. These fifteen appointed volunteer persons, under the capable leadership of their chairman, Mr. Phil Lewis, have completed an outstanding job. The Executive Director, Dr. Donald Alan Claire and his secretary, were given the responsibility of compiling all the information that was taken by the Commission in their interviews with various elected public officials, and others, that are connected with our County government.

I wish to express my personal thanks to this group for having had the opportunity of sitting with them for approximately two and a half hours and discussing my personal views on the needs, that I felt, would enable the County Commission to better function and to better serve the citizens of Palm Beach County. It will be interesting, whenever the reports are finally made to the Legislative Delegation, about the last of October, to learn what changes in legislation will put Palm Beach County in a better position to cope with its problems. It is understood, however, that this legislation will have to be drafted and geared to coincide with the Constitutional Revisions that will also come up for discussion in the '67 Session.

It was unanimously agreed at the regular meeting of the Board of County Commissioners of Tuesday, August 16, that the value received from this investigation by the Governmental Study Commission is of such importance that we wish to keep this group active so that further legislation, prolonging its life and its investigation duties, can be made possible by the '67 Session.

Other political subdivisions operating in Palm Beach County, such as the Board of Public Instruction, various tax levying districts and etc., will certainly benefit as a result of the findings made by this Commission.

Certainly, anything that can be done to improve and enhance the capability of our various political departmental groups, to give better control and government to the citizens of our County, is in order at this time. The contributions made thus far, in the interest of good government by this Commission, will long be remembered by all of us.

The appointed Budget Study Commission, consisting of Commissioner Van Kessel and I, have completed our job of reviewing and reducing the County's budget. After submitting it for administrative examination Tuesday, August 23, it was tentatively accepted by the Board.

Every effort has been made to reduce this budget to a realistic level so that any services that are NECESSARY can be provided and that the equally necessary program of additional road development, within our County, can be carried on. It has been an exhausting task but I am sure that it will be a rewarding one.

AFTER THOUGHT: When I was a boy I was taught to believe that anyone could become President or Governor; and now I am beginning to believe it.

### Judge James L. Tyson

Judge James L. Tyson, Magistrate Court, is not only a man the Glades can be proud of, but Palm Beach County and the State of Florida at large. Judge Tyson is the first and only Magistrate Judge in the State of Florida. The Glades Office Building houses the only Magistrate Court in the State. This court handles all County and Florida Highway Patrol situations, misdemeanors and preliminary hearings on felonies. Judge Tyson was appointed to this office in July of 1961 by Governor Farris Bryant. He ran for reelection in 1962, was unopposed and reelected. He is again running for reelection this year and will appear on the ballot in the general election this fall, unopposed.

Judge Tyson has been a resident in Pahokee for 12 years and was Farm Manager for Frank Friend before taking office. He and his wife, Alyce, have three children, one daughter, Willola who will be a sophomore at FSU, two sons, Jim who will be a Freshman at FSU, and Dick who will be a Junior at Pahokee High School.

Ann (York) Milligan, Secretary to Judge James L. Tyson, Deputy Clerk of the Magistrate Court, and Deputy Clerk of Criminal Court under Mr. John B. Dunkle. Barbara has served in these capacities since July of 1963, coming to Judge Tyson's office from the Glades detachment of the Palm Beach County Sheriff's Department where she was Secretary and Dispatcher. Barbara has been a resident of Belle Glade for 17 years. She and her husband, Lavonne, who is with the Everglades Fire Control, reside at 8 N. W. Ave. D, Belle Glade.

Miss Helen Sloan, Dispatcher for the Glades Detachment of the Palm Beach County Sheriff's Department has returned to her duties after two weeks vacation. Helen spent a week at Bradenton Beach and then motored to Palmetto to visit with Trooper and Mrs. Cliff Patterson. Trooper Patterson was formerly stationed in Moore Haven.

## Lutheran Kindergarten Begins Second Year

Saint Peter's Lutheran Kindergarten will begin its 1966-1967 session with an open house on Monday morning, August 29 between the hours of 8:30 a. m. to 11:30 a. m. The teachers, Mrs. Neda Snyder, and Mrs. Loretta Roman, as well as Reverend R. Y. Hosman, pastor of the congregation, will be on hand to greet the prospective pupils. The families and friends of the new pupils, as well as all interested parties, are invited to this open house to become acquainted with the faculty and facilities of Saint Peter's Lutheran Kindergarten. Refreshments will be served during the open house.

The first regular day of Kindergarten will be Tuesday, August 29th. The kindergarten hours this year will be from 8:30 a. m. to 11:30 a. m. The daily schedule will be as follows: 8:30 a. m. Opening devotions; 8:45 Alphabet; 9:00 Numbers; 9:15 Weekly reader; 9:35 Art and science; 10:00 Refreshments 10:15 Recreation; 10:30 Music appreciation; 10:45 Seasonal study; 11:00 Bible Stories; 11:15 Clean-up; 11:25 Closing devotions.

A kindergarten worship service will be conducted each Wednesday by the Pastor from 8:30 to 9:00 a. m. The parents and friends are invited to join the children this day as they worship their God and Saviour.

The curriculum for this year will be as follows: (1) The Language Arts — This program is to help the child read, speak, print, or writes, he is developing talents for service to God and man. The child will be encouraged to develop such talents. (2) Numbers — The Lutheran Kindergarten considers numbers essential, and thus he will be taught to use the numbers in simple arithmetic that he might serve God and his

fellow-man effectively. (3) Social studies, which will help the child to gain a deeper insight into the relationships between God, himself, and his fellow-beings. (4) Science — Science and nature study in the Lutheran Kindergarten begins, continues, and ends with God. For with the Psalmist we continually say "The heavens declare the glory of God, and the firmament sheweth his handiwork." (5) Health and recreation — these courses will include health services, safety instruction, and recreational activities, that the child might be fully aware that his body is the temple of the Holy Ghost. (6) Music and art appreciation — This course will enable the child to express his love to God in music and art.

Saint Peter's Lutheran Kindergarten teaches and provides experience which will help the children to develop into a happy, wholesome personality. We aim to train the children in those fundamentals which will prepare him for citizenship in heaven, as well as for this nation. Our major objectives are to educate the whole child spiritually, mentally, physically, and socially.

## Two Gator 4-H Girls Televised

Terry Priest and Renee Vaught from the 4-H Gator club of Belle Glade were lucky enough to be on television to model back to school fashions. This will take place on Channel 5, August 26th at 11:30 A. M. The first fitting session was held at the Mounts Building, August 19th in West Palm Beach. In the line of wardrobe there were selections from formals, suits, jumpers, mix-and-match and casual and western

sportswear.

There will be a fashion show of the garments mentioned above at 2 p. m. held at the Mounts Building on August 26th. Everyone is invited.

At this fashion show Terry Priest will be modeling an A-line jumper, made of corduroy with a sweater having quarter length sleeves and a top hat to match jumper. Also Renee Vaught will be wearing an A-line skirt made of brush denim with a printed long sleeved blouse.

Reporters, Terry Priest, Renee Vaught.

# Ministers' Wives Find Life Rich, Rewarding

LEFT TO RIGHT — Mrs. Ruby Henderson, Mrs. Loretta Roseman, Mrs. Gwendolyn Eiland whose husbands are ministers of the Church of Christ, St. Peter's Lutheran Church and First Baptist Church respectively.

Three ministers' wives recently got together and talked of their ministerial lives as wives.

Ruby Henderson is the wife of Marvin "Jerry" Henderson, pastor of the Church of Christ in Ocala. They have one son, Richard who is one.

Loretta Roseman is the wife of Richard Y. Roseman, pastor of the St. Peter's Lutheran Church.

Gwendolyn Eiland and her husband Rev. Clarence H. Eiland have two daughters. Their oldest, Janice, is teaching in Ocala. Ann started school at Palm Beach Junior College Monday.

Rev. Eiland is pastor of the First Baptist Church. Belle Glade is the Roseman's "first church."

Loretta married her husband on the last day of his vocation. He served this internship in her home congregation. Then it was back to school for one more year. Ruby Henderson also married while her husband was in college. Belle Glade is the Henderson's second church. Both Ruby and Loretta attended "ministers' wives" classes while their husbands went to school. Gwendolyn Eiland married 23 years ago and her husband had already been preaching for about five years.

The three women, although they had never discussed it before, agreed on many facts of being a minister's wife.

The first point of agreement was that Ministers and their families were just people. They had the same feelings and needs as members of their congregation and many of the same problems.

# Donald Edward Harrington, 39

## Drowned When Truck Overturned

Services were held Wednesday for Donald Edward Harrington, 39, at the Canal Point Methodist Church, of which he was a member.

A requiem Mass was said Tuesday at the Holy Nativity Episcopal Church in Pahokee where his wife, Mrs. Veronica Harrington is a member.

Harrington apparently drowned between 4 and 5 p. m. Sunday afternoon when his truck overturned in a drainage canal just a mile and a half from his home, Sunday and Monday friends searched for him.

At one time there were two planes in the air, said Morris Sullivan. Sullivan found the Harrington truck early Monday afternoon. He was one of about 8 friends searching on the ground. Sullivan had been looking for Harrington all day Monday, checking canals and ditches on highway 441 between

Pahokee and the Harrington home in Port Mayaca. Harrington had said something about doing a little hunting and the fields were also being searched, Sullivan said.

Harrington was active in the Canal Point community. He was a scout master there and member of the Elks Lodge. Harrington was a World War II veteran and a graduate of the University of Florida.

Survivors include his wife, Veronica, their children David Dixon and Donna Kay, his mother Mrs. Rachel Harrington, a brother, Major John S. Harrington, USAF, of Hampton, Va., and a sister, Mrs. Kenneth Cooksey of Monticello, Fla., three children, Jeffrey Tarr, Alan Tarr and Laurel Tarr are also left. Mrs. Harrington was widowed in 1939 when her first husband, Donald Tarr was killed in

a similar accident. Palmetto were, Pope Sears, J. P. Parker, A. M. Johnson, Frank Tillis, Stanley Hooks and Louis Walker. Interment was at Woodlawn Cemetery, West Palm Beach.

Detective J. E. Monroe and Patrolman James Kersey of the Palm Beach County Sheriff's Dept. investigated the accident that occurred only one half mile south of the Martin County line.

Harrington was the 64th traffic fatality in Palm Beach County.

Mr. and Mrs. Bebo Rodriguez Franca

Los esposos Bebo Rodriguez Franca y Silvia Camps procedentes de New York, estuvieron pasando unos días en casa de sus tíos Pablo y Ana Carreño, en Belle Glade.

Encontrándose junto a ellos también la Sra. Ofelia Carreño Pita, con sus hijos pasando una sabrosa vacaciones junto a sus padres.

SYLVIA Y ANA CARREÑO

Lindas muchachitas que estuvieron una estancia en Belle Glade, junto a sus abuelos María y Pablo Carreño.

Ellos son hijos de Hortensia Macía y Manolo Carreño, Ingeniero del Glades Sugar House.

La joven teen-ager Olga Guisá, hija de Olga y Gaspar Pichardo, regreso el pasado día 17 de Agosto, en el tren Champan desde New York, después de pasarse un mes de vacaciones junto a sus tíos Alberto y Bebo Novo, quienes residen en New York City.

Goza de unas deliciosas vacaciones, visitando la Estación de la Libertad, el Central Park, Broadway y la Quinta Avenida.

Y al llegar dijo que había pasado una estancia muy agradable, pero "que no había nada como Belle Glade".

El pasado domingo día 21 de Agosto cambiaron su residencia para Miami la familia tan querida en Belle Glade, de Conchita y Chuppi Bustamante, con su mamá Concha de la Vega, y los muchachos Jorge, Angelita y Conchy.

Su nueva dirección es 5461 SW 84 Terrace, en South Miami, Florida. Queremos hacer llegar hasta ellos una felicitación por los quince años que cumple su hija Angelita en el día de hoy.

El Sr. Bustamante seguirá trabajando para la Sugarland Chemical Co. aquí en Belle Glade.

Ya llegaron de pasarse dos semanas de vacaciones Jorge y Margot Bastanzuri, acompañados de sus hijos Margarita y Jorge Jr., y de su hermana Angelita Torres. Visitaron en Tibaux New Orleans a sus parientes Rolando y Blanca Bastanzuri.

## COLEGALES Y DEPORTES

Además de ropa, zapatos, libros y lápices, en varias escuelas requieren un cheque médico, y examen de oídos, ojos y boca.

Aquellas personas que no pueden pagar exámenes médicos para sus hijos, pueden presentarse en el County Health Department (Departamento de Salubridad).

El Coach Harry L. Davis quien fue director atlético y coach asistente de fútbol en el Belle Glade High School, ha sido nombrando principal del colegio South Bay Elementary School.

El Coach y Mrs. Davis, quien es instructora del Belle Glade Elementary School, además de sus hijos tienen con ellos a Jorge y Tony Rodriguez Tabernil.

Los simpáticos Lizzie y Pablo Daniel, hijos de Pablo y Daniel, hijos de Pablo y Daniel, residentes de Villamaria, residentes de Villamaria. No solo sacan.

El coach y Mrs. Davis continúan enseñando en la calle 33 NE Ave. K, de Belle Glade.

A todos nos alegra su nuevo nombramiento.

En Belle Glade High School, los teams de fútbol del Golden Rams tienen dos nuevos coaches, y 73 candidatos para su team. Tienen practicas dos veces al día, a las 7 am. y a las 5 pm. Los Rams abren su temporada de fútbol en Sept. 16, cuando vengán a jugar en los campos de aquí, el team de Boca Raton.

El principal Mr. Morris dice que los que deseen reservar sus asientos pueden hacerlo en las oficinas del colegio.

El itinerario completo del variety team es el siguiente: Sept. 16, Boca Raton, aquí; Sept. 23, Forest Hill, aquí; Sept. 30, Okeechobee, aquí; Oct. 7, Riviera Beach, aquí; Oct. 14, Clewiston, aquí; Oct. 21, Palm Beach, aquí; Oct. 28, Seacrest, aquí; Nov. 4, Jupiter, aquí; Nov. 11, Stuart, aquí; Nov. 18, Pahokee, aquí.

# TRAVEL AND VACATION

Page 6 THE HERALD, Belle Glade, Fla. AUG. 25, 1966

Rome

Mrs. Ruth Wedgworth & Mrs. Edith Freedlund were touring the Mediterranean countries, including the Holy Land, and the following is a letter from Mrs. Freedlund.

Rome, the Eternal City, is a pleasant surprise to the tourist, because it has kept its "Old World Atmosphere." It was originally built on seven hills, and covered an area of nine square miles. None of these buildings have been changed, and you come upon ancient ruins all around the city. There are many Triumph Arches in memory of Captains and Royalty who were victorious. There are many Squares with fountains and statues. The Arch of Constantine is notable, because he stopped the persecution of the Christians

in 313 A. D. The Trevi Fountain (Three Coins in a Fountain) is probably the most famous. Here you throw a coin over your left shoulder, make a wish, and you are sure to come back to Rome.

Rome now covers 100 square miles and has a population of two and a half million. A recent survey showed that there are only 400,000 people "born" in Rome of Roman parents. A place of the Christians, because here Roman law protected everyone. We walked

square yards, was most interesting. Here 3,000 people could take baths at once. This was the Country Club of the fourth Century where people came to spend the day and meet their friends. There were many beautiful mosaic floors with designs of animals and birds and wall decorations left. Here is the famous statue of the Discus Thrower. Nearby is the Coliseum, built by the Flavian family in the fourth century. It is four stories high and would hold 50,000 spectators. It was partially destroyed by an earthquake, but stands much larger and more imposing than I expected, and is situated right in the downtown area of the city. Only a small portion of the outer wall is left standing. It was built of travertine and Roman brick, which is much narrower than our brick and is a triangular shape. The arches are beautifully built. Here is where the fights between the gladiators took place and between

went to the old Forum, where a "Light and Sound" program told us of the rise and fall of Rome. A trip thru the Museum of Rome takes us to the Sistine Chapel. The ceiling, painted by Michelangelo when he was 30 years old, depicts the "Creation of Man." The front, depicting the "Judgment," was painted by Michelangelo thirty years later. This chapel is where Pope John was elected.

We were very fortunate to be in Rome on Wednesday and visit St. Peter's Cathedral at noon when Pope John spoke. The church was full of people, and we were within ten feet of the Pope when the procession left. Later we came back to walk all thru the Cathedral with our Guide. It took one hundred and twenty years to build St. Peter's Basilica and on the outside it has 150 statues, 300 columns, and 2 large clocks. It is 600 feet long, 150 feet wide, and the dome is 450 feet high — the largest church in the world. The floor is of different colored marble in beautiful designs. There are forty

## Vacationing Here And There

Mr. and Mrs. Edward Trammell recently returned from vacationing with friends and relatives in Alabama, beginning the visits with an overnight stop at the home of Mrs. Farrington, aunt of Mrs. Trammell in Lanette, Alabama, on the trip up. They had the pleasant task of "babysitting" with their two granddaughters while their daughter and son-in-law, Mr. and Mrs. Jack Morris, of Blounts ville, Ala., attended a Nurserymen's convention in Louisiana, a job they "thoroughly enjoyed," according to the Trammells. They also enjoyed visits with their parents, Mr. and Mrs. E. C. Neel and Mrs. Ella Denny, all of Blountsville.

Mr. and Mrs. S. N. Knight and family have returned after vacationing at their summer home on Sugar Loaf Mountain in North Carolina.

## W. Scriven In Marine Corp Training

PARRIS ISLAND, S. C. (FHTNC) — Marine Private Woodrow Scriven, son of Mrs. Mamie S. Browne of Lake Harbor, Fla., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill Instructor, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo 4 weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

four alters, each with a large mosaic picture over it. The Canopy, near the front where the Pope sat, is made of dark bronze trimmed in gold and weighing 200,000 pounds. In the back is a yellow Alabaster window with a dove in the center. The dove measures fifteen feet across. It is hard to realize how enormous everything is. The decorations are mostly of Angels and Cherubs in white and gold. The famous "Pieta" (statue of Mary holding Jesus) by Michelangelo is here. It was loaned to the World's Fair for two years and has just been returned.

There are many world famous landmarks and statues here. The Imperial Palace on Palatine Hill is a complex buildings and covers forty acres. There is a statue of Victor Emmanuel II on a horse. He is the one who united Italy. There is a large statue of the Unknown Soldier, with wreath of fresh flowers and soldiers guarding it. The Spanish Steps are much photographed and are very wide and quite steep as you realize after climbing them. The flowers growing in window boxes on each side of the steps make it very beautiful.

KINROSS, Mich. — Captain Eugene M. Fortner, brother of Mrs. W. G. Graft Sr., of F. F. D. 5, Plant City, Fla., has assumed command of Headquarters Squadron Section, 449th Bombardment Wing, at Kincheloe AFB, Mich.

Captain Fortner served in Turkey, prior to his appointment at Kincheloe. He is in the Strategic Air Com-

## State Parks Set Attendance Record

The increasing interest of the public in seeking outdoor recreation is apparent in the release from the Florida State Park Board that 986,610 persons visited parks in the state during July.

This is an eight percent increase over July of 1965. Camping for July was heavy with 177,241 campers reported. 60,566 of these campers were from Florida and 108,673 from other states.

Leading the July attendance was St. Andrews State Park on Panama City Beach with 178,107 tourists. Hugh Taylor Birch State Park at Ft. Lauderdale was second, with Anastasia State Park at St. Augustine in third place.

For many years our state parks were neglected financially by the legislature, however in recent years the public interest has caused many new areas to be developed. New and modern facilities have been built in the older parks to accommodate the growing number of campers.

As the state's population continues its rapid expansion, parks development will prove to be one of the best means of promoting the state and providing recreational outlets for our people.

mand which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

The World War II veteran is a graduate of Turkey Creek High School. He received his B. S. degree in agriculture in 1949 from the University of Florida where he was commissioned upon completion of the Air Force Reserve Officers Training Corps program.

His wife, Bobbie, is the daughter of Mr. and Mrs. Thurston Butler of 435 Cypress Ave., Pahokee, Fla.

### Tom Parker, Jr. Back From Scout Leader Course

Mr. Tom Parker, Jr., a representative of the Gulf Stream Council, returned recently from the eight-day Wood Badge Training Session for boy scout leaders. Region Six consisting of Florida, Georgia, North Carolina and South Carolina met at Camp Lancho located at the edge of the Ocala National Forest near Paisley, Florida.

Mr. Parker, a member of the Boy Scouts of America during his boyhood, is a teacher in Canal Point, and has been active in scout leader work for twenty-three years. Presently he is instructional leader for Scout Troop 622 and Cub Scout Pack 622, both sponsored by the Community Methodist Church of Belle Glade. He is also the Glades District Commissioner and a member of the executive board of the Gulf Stream Council. The Wood Badge Training Session is a practical course for adult Boy Scout

ed from volunteers to serve with the 102nd (Ozark) Infantry Division (Reinforcement Training Unit) in the support of the national rifle and pistol matches conducted by the National Rifle Association at Camp Perry, Ohio, from Aug. 13 to 27.

The 102nd is one of the Army Reserve divisions chosen by the Department of the Army to augment the support for this "World Series of the shooting world" this year. The national matches bring together the most celebrated marksmen in the world and the competition with the rich tradition it has developed since 1907 requires a unique ability to complete a number of complex tasks to support it.

Men of the 102nd are operating ranges on which record marksmanship scores are drawing the attention of noted weapons designers and manufacturers. Some

leaders to enable them to train new leaders. The seventy-two instructors present at the session represented a total of 1144 years of service to the Boy Scouts of America, an average of sixteen years per man.

The men were divided into troops and patrols and camped out the entire time. The program went on regardless of the weather, "rain or shine," and the leaders actually experienced the type of camping they teach their boy scout members. Mr. Parker reported it was a rugged, but most enjoyable time, and real good experience.

## 91 PBC Schools Will Open; 58,500 Membership Expected

Palm Beach County schools reopen Monday, August 29 for the 1966-67 school year, and are expected to have a peak student membership of 2,100 in excess of the 1965-66 school year. This year's membership is expected to be about 58,500. Growth of the school system, and inflation in the nation, are adding costs to operation of the school system.

There will be six new schools opening on Aug. 29 or within a few weeks, and three more will open later in the school year, to bring the total of schools (Grades 1-12) in the county system to 91 plus one junior college. Cost of the nine new schools, including furnishing, equipping, landscaping and other site improvement exceeds \$10 million.

The system's expansion requires the addition of 6 school buses this year, bringing the size of the bus fleet to 157.

As the number of schools increase, and an increasing number of schools grow older, the cost of maintenance rises. Electronic equipment in the schools, and the increasing number of air-conditioning units, require the hiring of specialists in

the maintenance department.

Last year, the Palm Beach County school system's instructional staff was composed of 259 administrators and 2,498 classroom teachers. This year's budget provides for the employment of 180 additional classroom teachers.

The average salary in Palm Beach County for a classroom teacher — as opposed to directors, supervisors, coordinators, etc. — is \$6,900 a year (Most principals receive in excess of \$10,000 a year). The base pay for classroom teachers is \$5,000 with annual increments. Those who are paid \$5,000 per year are first year teachers with a Bachelor's degree.

**MINIMUM FOUNDATION MONEY DECLINES**  
Therefore, county school officials point out, if all 130 additional teachers received merely the beginners salary of \$5,000 a year, the instructional payroll this year would be increased by \$60,000. However, many of the teachers will be starting their duties at a higher level than first year, and this year's budget anticipates an additional expense of about \$750,000 a year for

classroom teachers alone.

Since approximately two-thirds of a teacher's salary is paid with revenues from the Palm Beach County millage tax, and only about one-third comes from the State's Minimum Foundation Fund, it will be seen that additional teachers alone this year will require an increase of approximately \$432,000 from the county millage tax.

A spokesman for the county school board said, "It will come as a surprise to many to know that this year we shall receive less money from the State's Minimum Foundation Fund to pay teachers, than we received last year, even though our county school system has grown larger and we need 130 more classroom teachers."

The reason for the drop in State aid is due to the way the Minimum Foundation Fund is computed. Under the present formula, Palm Beach County is claimed to have increased its share of the State's overall wealth during the past 12 months, and therefore must supply more local funds.

County Superintendent Robert W. Fulton and the

## New Bridge To Be Built Over Caloosahatchee At Alva

Application has been made to the Department of the Army by the Florida State Road Department, Tallahassee, Florida, for approval of the location and plans of a bridge with double bascule drawspan over the Caloosahatchee River (Okeechobee Waterway) on State Road 78, at Alva, Lee County, Florida. The proposed new bridge would be located a short distance east of the existing structure which will be removed from the waterway at the completion of the new bridge. The new structure would provide a horizontal clearance of 90.0 feet between fenders normal to the channel and vertical clearance of 21.0 feet above mean high water. It is also proposed to install a submarine power cable across the waterway channel buried in a trench, 24 inches below the bottom of the waterway.

## Gove Classrooms Cool

By Principal Mabel Lutz

Gove Elementary School, beginning its third school year, will have much more pleasant classrooms for pupils and teachers than in the past. Air conditioning will make the difference!

### No Screen

Gove became a school in the fall of 1964, but it was a school with no home of its own, since the building was not ready for occupancy until November of that school year. By this time, the weather had turned cool, and it was not until the following spring fly-season that the absence of screens for the classroom windows became important.

Requests were made to the Palm Beach County Board of Public Instruction for screens to be installed. This matter was approved. Before this was effected, however, interest became aroused in air-conditioning the classrooms.

### No Wiring

No provision had been made, during planning and construction, for wiring adequate to care for air-conditioning. The School Board, when approached, agreed to transfer and supplement PTA funds for wiring for screening to the project of wiring the classrooms.

### PTA Action

When this matter was presented at a regular meeting of the PTA, in the fall of 1965, discussion became very animated. The total cost of cooling the eighteen classrooms in use amounted to \$5,175.00 at the then current prices per unit. This amount seemed staggering. Some were in favor of accepting the screens and so ending the fly menace. Others felt that at least a beginning could be made toward air-conditioners, thus controlling both fly and heat problems. The vote showed a majority in favor of asking the Board to install wiring for air-conditioners.

### Room Mothers Club Formed

W. L. Cunningham, PTA President, appointed Mrs. Roger Cunningham to serve as Chairman of the Room Mothers. To this group would fall the task of raising funds for the new project. Members of this group were: Mrs. Joe Clayton, Mrs. Raymond Caruthers and Mrs. Curtis Thompson, Jr., representing Grade 1; Mrs. James Conway, Mrs. Nora Wilson and Mrs. Sadie Dufu, Grade 2; Mrs. Joe Shadforth, Mrs. Kenneth Bass, Grade 3; Mrs. Ted Sheridan, Mrs. Mary Edens, Grades 3-4; combination; Mrs. S. C. Pate, Mrs. Frankie Burke, Grade 4; Mrs. Frances Cove, Mrs. Bobby Peacock, and Mrs. Betty Herring, Grade 5; Mrs. R. Lewis, Mrs. Mary Cooper and Mrs. R. Whitlock, Grade 6.

### Planning

This group planned a series of projects to start the Air Conditioning Fund, included in the plans for the General Fund were:

Fun Day at Gove, to be held on five consecutive Saturdays.

Sale of boxed candy  
Rummage Sale  
Bake Sale  
Greeting Cards Sale  
Benefit Bridge  
Spring Bazaar and Spaghetti Supper  
During this initial planning stage, the Room Mothers agreed to divide all proceeds from these planned projects equally between the eighteen rooms.

In addition, individual room projects were planned. It was felt that many parents would wish to make cash donations toward a unit or units which would benefit their own particular child or children. Pledge letters were sent to all parents before the Christmas holidays.

### Money!

The first bank deposit was made February 8, 1966, in the amount of \$200.00, room parent donations collected by Mrs. Joe Clayton. This, coupled with the success of the first Fun Day at Gove, set the pace for all the activities which followed.

The General Fund began to grow, and interest mounted as individual pledges swelled the proceeds resulting from the planned projects.

The first proceeds deposited in the General Funds looked sizable. When the total amount was divided among eighteen classrooms, the share of each seemed insignificant. At times, the goal looked far away!

### First Unit

The first unit was paid for and requisitioned March 11. This was cause for great rejoicing! The first step had actually been accomplished. Only seventeen more Now the General Funds could be divided by seventeen.

### Flies Again

To weeks flew by. Fly-season was again at hand. Blessedly, the weather remained cool.

The series, Fun Day at Gove, was completed. Candy Sales were mounting. The Rummage sale was profitable; the sale of Greeting Cards, the proceeds from the Benefit Bridge, and from the Bake Sale all contributed to the growing General Fund. Parents got into the spirit of the thing, giving generously of time, energy and support.

### April

The grand finale of the General Fund projects was the Spring Bazaar-Spaghetti Supper. This event was co-chaired by Mrs. Betty Herring and Mrs. Jane Thompson. Mrs. Mildred Richey, Manager, and her entire Luncheon Staff assisted Mrs. Thompson and her committee with the Spaghetti Supper.

Hand-made lezard items, "white elephants," cold drinks and cotton candy drew the supper crowd to the central corridors. The Tea Room, set up in a portion of the Library, provided a cozy area to chat with friends over a hot drink and home baked cake.

The Plant Sale, held in the east court, was a popular item. Children enjoyed the pony rides on the west lawn.

### Donations

After the General Funds projects were completed, Room Mothers turned their attention to completing the collection of individual pledges made by parents earlier in the year.

## Top Winners In Twirling Contest

Pat Anderson DeVos conducted a Twirling Contest recently for some 60 students here in Belle Glade. The contest was run entirely by N. B. T. A. rules and included an N. B. T. A. attending from out of town.

The girls pictured placed first in their divisions. Front row: Kathy Ballard, Jackie Baughman, 2nd row: Kathy Lee, Tommy Miller, Mildred Baker, Laurie Collins, Cindy Smith. Back row: Shari Smith, Nina Lindrose, Vickie Grindstaff, Kathy Smith, Donna Connell, Jennileigh Smith, Carla Gilliam, Rhonda Scruggs.

Donations toward individual units were not limited to room parents. Other members of the community became interested. Mr. C. A. Thomas, Mr. Billy Rodgers, Mr. Sam Senter, Gressingers and Sons, and Mrs. Eunice Chamblee are among those whose donations ranged toward from \$50.00. In addition, Mr. Thomas presented three units for use in the Administrative Suite.

The generosity of many of the parents and of the above named persons gave the Room Mothers new determination, new energy, new ideas.

Two mothers cleaned out their garages and held sales. A teacher donated proceeds from the sale of a book which she had authored. The school secretary created an elaborate wardrobe for a fashion doll, a successful project.

One mother, assisted by others from her grade section, prepared weekly supper snacks for teachers enrolled in an afternoon-evening extension class in progress at Gove. Another mother and her group served the luncheon for the Palm Beach County Council, PTA, held in Belle Glade. In addition, she had available crates of corn, which were eagerly purchased by those attending the meeting from the other parts of the county.

### May

During the month of May, twelve additional units were paid for and requisitioned. Wiring had been completed. School Maintenance generously squeezed installation of incoming units into an already overcrowded schedule.

### June

The close of the school year was at hand. June 10 was the deadline for depositing money and submitting requisitions. It seemed impossible for any one else to reach the goal. But by June 9, two more units had been paid for and were promptly requisitioned. FIFTEEN AIR-CONDITIONED HAD BEEN SECURED

### In Praise and Gratitude

That a small group of women would undertake the responsibility of raising the money for this large project was in itself amazing. For them to have been able to supply funds in the amount of \$4312.50 as payment for fifteen units is a most outstanding accomplishment. Furthermore, this group ended the school year with a balance on hand of \$365.68. This amount is pledged toward the conditioners for three Grade Six sections.

While these nineteen women did not accomplish this feat unaided, they did supply the planning, the courage, the drive, the faith and the energy for this monumental accomplishment. These women stand as representatives of the parents of Gove Elementary School Community. The unselfish giving of time, of money, of support and of cooperation is indicative of the spirit of this school community. It is indicative, also, of the spirit of the entire Glades area.

Praise and gratitude are hereby expressed to each and to every person who in anyway contributed to the success of this undertaking.

Each gave in his own way: time and energy, material gifts, cash donations. Only by the combined, cooperative efforts of ALL the residents of this area could such success be possible.

Gove Elementary School is no longer just a beautiful new school plant where the children spent their school time. It has become a part of, and belongs to all those who shared the fears and the faith, the tears and the laughter, the exhaustion and the exhilaration, the frustrations and the joys experienced during those six months of intensive effort.

### Looking Ahead

The task is not done. Three classrooms not completely funded last year and an additional one in use this year serve as a starting point for renewed efforts. Three units will be required to cool the Library Wing. Three additional classrooms, will be put into use as school population increases. The cost, per unit, has increased over last year's bid price. The Luncheon will require a more complex type of installation than window units.

The task is not done. Already, rumors of forward planning are being heard. WHO KNOWS WHAT REMARKABLE ACCOMPLISHMENTS WILL TAKE PLACE DURING THE FORTHCOMING SCHOOL YEAR?

## Crochet Will Be Representative At World-wide Charolais Show

L. Crochet of Clewiston, Fla., president of the American-International Charolais Association, will represent the breed registry association at the annual Semaine Internationale de l'Élevage, world-wide Charolais show at Vichy, France, August 31-September 3.

Mr. Crochet is tentatively scheduled to leave New York August 29. Following a week long schedule of shows and conferences of the International Federation of Charolais Associations representing 19 countries, he will visit Charolais breeding establishments in Central France.

Sponsored by the Vichy Agriculture Society and the French Charolais Herd Book, the show of France's best Charolais breeding cattle annually attracts representatives of countries throughout the world. The great white Charolais were developed in Central France more than 200 years ago as a producer of quality beef and today is the fastest growing beef breed in the United States.

The first Charolais to reach this continent was in the 1930's when 37 head were exported to Mexico. As far as is known, all of the 250,000 registered and recorded Charolais in this country evolved from that original herd.

Three other Floridians are among the group. From Bunell, Mrs. Bill Deen, from Oklawaha, Mrs. Robert Alderson and from Lake Worth, Stephen E. Szabo. Mrs. Deen, a graduate of Jacksonville University will teach English. Mrs. Alderson will teach Science. She graduated from Marietta College (Ohio). Szabo will teach ninth grade general science. He attended Florida Atlantic University.

Three other English teachers are also among the new teachers: Mrs. James Brantley, from Illinois, a graduate of Florida Atlantic University; Mrs. Russell T. Miller, from Pennsylvania, a graduate of Florida State

University; Miss Vicki Lynn Brown from North Carolina a graduate of Limestone College.

Other teachers include Kenneth Rutland from Mississippi. He will teach Algebra and General Mathematics. Mrs. Wayne Tullos, also of Mississippi, will teach Physical Education. Robert Gary Chandler of Kentucky will teach General Business and World Problems. Miss Bonnie Ellen Anderson of Illinois will teach Spanish and Donald H. Parnell of Tennessee will teach General Science.

THE OWNERS OF SIMMONS DAIRY, GREEN COVE SPRINGS, FLORIDA, SAY:

**Electric Feeding Equipment saves \$10,000 the first year...**

(Automatic chutes deliver feed to each cow station)

"Modern electric push-button feed equipment plus full use of electricity for many other jobs, such as grinding and storing, have helped us to stay in business when many other dairies have gone broke during the past few years," say Messrs. Paul and Steve Simmons.

"The cafeteria style feeding operation has resulted in a savings of \$10,000 the first year of operation and will be even higher this year due to increased production. These savings are from feeding and handling a herd of about 1300 head of cattle," declare the owners of Simmons Dairy.

Install electric feed handling equipment in your barns. It saves time and money... frees you for more productive and profitable activities.
